

Flute Pedagogy Workshop

This event is open to all band directors, private teachers, and music education students. We welcome all who are curious about improving their teaching skills and working with flute students.

Participants will learn how to address flute skills with their students whether they are beginners or more advanced students who need refinement.

Participants will also be introduced to concepts of Body Mapping and Alexander Technique to improve their own physical use and to share with their students. Benefits include: better breathing, fluid technique, less pain and fatigue, and an overall sense of freedom and ease.

Claire Johnson

Claire Johnson, Floot Fire Founder, is retired from her positions as Affiliate Artist at the University of Houston and Adjunct Professor of Flute at Southern Methodist University.

Kimberly Clark

Kimberly Clark, Executive Director of Floot Fire Inc., is an active recitalist and chamber musician who has performed across the United States and in Europe. Dr. Clark is an ATI certified teacher of the Alexander Technique and a licensed Andover Educator, teaching Body Mapping to musicians.
